

Create your own personalized, visible wiring installation.

Creative-Tubes is the system that combines the beauty of the fabric covering with the practicality of a true surface wall system.

MADE IN ITALY

creative cables

The Tubes system eliminates the need for ugly plastic electrical conduits or rigid metal pipework.

TUBES SYSTEM

Flexible

Creative-Tube combines the fabric-covered sheath with two metal filaments, allowing the conduit to maintain its shape when bent. It adapts to suit your needs.

Custom

Create a beautiful and functional bespoke visible system that takes into account your daily needs and the style of your rooms. Pair it with contemporary and industrial metal components or opt for porcelain ones for a classic and elegant touch.

Creative and safe

You have the freedom to exhibit your electrical system. Create a wall design that is a functional light source without sacrificing safety; the system adheres to the highest standards.
