Product title:

Round 13.80" XXL Ceiling Rose with 5 holes + Accessories

Product attributes:

Product image:

Product price:

\$42.00 tax included

Product short description:

The XXL Ceiling Rose with 5 holes allows you to design your own striking pendant lamps. The diameter (13.80") is wide enough as to allow the right amount of space between each hole. This way, you can match your lamps with the lampshade or bulb cage of your choice.

We left the sides of the rose open, so that you may connect multiple ceiling roses in a series, or adjust the height of each pendant however you prefer.

The ceiling rose is made out of DiBond®, an alluminium composite panel that guarantees a beautiful finish, as well as being light and resistant.

100% Made in Germany.
