Cable Cup® Hide silicone ceiling rose kit

**Product attributes:**

Finish: White, Black

**Product image:**

**Product price:**

\$18.80 tax included

**Product short description:**

Cable Cup® Hide silicone contemporary ceiling canopy kit is suitable for a wall or ceiling lamp. Loved by designers and decorators, silicone is durable, soft, tactile material with some wonderful bright colour options, that's almost indestructible. This unique and easy to mount product, developed by Swedish designers, Jonas Forsman and Lars Wettre has won a number of design awards.

This Cable Cup® silicone ceiling canopy kit is for those who want to hide something.

To configure and complement your Cable Cup® Hide silicone contemporary ceiling canopy kit:

- use the menus to select the features you want
- complete your lighting installation with Creative Cables lamp parts, lighting accessories, light bulbs and cloth covered wire

**Product description:**

The Cable Cup® Hide ceiling canopy is mounted on the ceiling to hide the sockets, cables or electrical wires.

Hide has the same functions as the canopy but without the center hole: it is reversible, made of soft and malleable plastic and can be connected in two different ways.
