Product short description:

Wine lovers, we have your lamp shade! In case you thought our magnum sized wire mesh lamp shade wasn't big enough, we unleash the Jeroboam.

The Jeroboam metal bottle is designed to **for enophiles and lovers of Rosé alike**. It doesn't matter what your taste in wine is when you use this marvelous pendant light shade with your decor. Match it with your favorite of our pendant lights, or build your own light to bring out your style.

This pendant lamp shade attaches to your pendant via a small 0.39 inches hole at the top and sits on TOP of the light socket cover. It can be installed by sliding the cable through the top of hole and then inserting the cable into the canopy.

Select the color and finish that you like best. And we suggest adding one of our great ST21 edison style bulbs to make this pop.

Attention! Bulb and socket NOT included.

Product description:

Jéroboam mesh metal bottle pendant light shade - technical specifications:

Material: painted metal.

Connection: via a hole at the top of the shade with a diameter of 0.39 inches (.39"). Note you must slide one end of your light fixture cable through the hole. It will not work with plugin pendant lights or lights that are already installed unless you remove the socket or the attachment at the end of the wire and thread it through the hole.

Width: 5.11"

Height: 12.6"

Attention! Not suitable for litgh bulbs with a diameter over 3.94 inches.

Product features:

Material: Metal

Fitting: E26
