**Product title:**

Bistrot Metal Lamp Shade | 11.81 Inches Diameter | E26 Socket

**Product attributes:**

Finish: White, Black, Green

**Product image:**

**Product price:**

\$36.80 tax included

**Product short description:**

The **enameled metal lamp** has been a staple in interior design for over fifty years.

Bistrot is the model that best reflects the classic style of enameled metal chandeliers. Its signature flared shape makes it perfect for completing spaces with an **industrial style** or **Scandinavian-inspired atmosphere**, such as lofts or modern living rooms.

The 30-centimeter (11.8 inches) diameter is ideal for using this lamp shade in a **pendant light** placed over a bar counter or arranged in a series with other shades for a cohesive look.

Choose the finish that best suits your decor needs, and complete your pendant lamp with one of our E26 double ferrule sockets and a textile cable in the color of your choice from our wide range of options.

For the perfect finishing touch, we recommend pairing it with one of our **Vintage LED bulbs!**

**Attention!** Bulb and socket **NOT** included.

**Product description:**
