Product short description:

Do you like to insert **elements of natural inspiration as decorations** into your spaces? Are you looking for a lamp that reflects your love of neutral tones? Then this is the lamp made just for you!

This ceiling lamp is made using Cylinder our **lampshade made 100% in Italy** in a laboratory in Tuscany that has always been dedicated to the handmade production of lampshades. We have selected the **raffia** version because of its classic lines and ethnic flavor: this material is natural and very resistant, often used for basketry and in recent years has become **one of the major trends in interior design**.

We advise you to use it if you want to add a tropical touch to your living room, give a natural accent to your bedroom or add a nautical-inspired element to your total white hallway.

This chandelier is ready to be installed by expert hands and you can buy it already **complete with bulb**: we have chosen for you a Drop A60 Milky LED bulb perfect for glare-free lighting, but alternatively you can take a look at our assortment of LED design bulbs to find the one that best suits your needs

PLEASE NOTE: Some of the images shown are examples of multiple pendant configurations that can be created by purchasing multiple suspensions. The item for sale is a lighting installation with only ONE pendant.

Product description:

Hanging lamp composed of:

120 cm of cable 2x0.75 of the selected color

1 metal canopy of the selected finish

1 E26 double ferrule thermoplastic socket

1 Cylinder raffia lampshade ø 150 mm H 180 mm

You can also purchase this lamp in the Matter-integrated version, for lighting control with your voice or the apps you already use regularly. Turn the lights on and off, create automations, and make your lights interact with other smart home devices easily and without the need for installation.

NOTE: If a wall switch is connected directly after the line cable, turning off the lamp will also cut off power to the Matter switch. Consequently, it will no longer be able to receive commands via voice or app. However, once the light is turned back on from the wall switch, the Matter switch will be powered again and resume normal operation.
