Product short description:

Would you like to give your living room an **industrial style**? Do you like raw material complements? Do you love original chandeliers and unique decorative elements? Then this ceiling lamp with concrete lampshade was made for you!

In recent years **cement has become a real and proper furnishing element** inside houses and apartments because of its strong personality. Thanks to the squared shapes of the Cube lampshade, you can bring the minimalist design and industrial style you love to your home and change its look.

Use it to **light a raw wood table** or to furnish a contemporary style loft.

This chandelier is ready to be installed by expert hands and you can buy it already **complete with bulb**: we have chosen for you a transparent Edison ST64 LED light bulb with long filament which diffuses a warm light inside the lampshade, but alternatively you can take a look at our assortment of LED design bulbs to find the one that best suits your needs

PLEASE NOTE: Some of the images shown are examples of multiple pendant configurations that can be created by purchasing multiple suspensions. The item for sale is a lighting installation with only ONE pendant.

Product description:

Hanging lamp composed of:

120 cm of cable 3x0.75 of the selected color

1 metal canopy of the selected finish

1 E26 double ferrule bakelite socket

1 concrete Cube lampshade of the selected finish L 150 mm

Light bulb [DG-ST64-CLEAR]: LED, ST64, 5,5W, 250 Lm, 2200K, E26, width 64 mm, dimmable

You can also purchase this lamp in the Matter-integrated version, for lighting control with your voice or the apps you already use regularly. Turn the lights on and off, create automations, and make your lights interact with other smart home devices easily and without the need for installation.

NOTE: If a wall switch is connected directly after the line cable, turning off the lamp will also cut off power to the Matter switch. Consequently, it will no longer be able to receive commands via voice or app. However, once the light is turned back on from the wall switch, the Matter switch will

be powered again and resume normal operation.
