**Product price:**

\$1.20 tax included

**Product short description:**

Creative-Cables outdoor cables are designed to allow you to create suspension lamps and outdoor lighting totally tailored to your needs and with water and weather resistant safety.

Creative-Cables' outdoor cables are equipped with a flexible red copper electrolytic conductor with a double elastomeric rubber coating resistant from -25°C to +60°C.

The Jute SN06 covering will allow you to add a touch of natural fiber to your outdoor spaces.

The elastomeric rubber guarantees great flexibility and is fire and oil resistant.

Our renewed range of outdoor cables is ideal to be combined with EIVA the outdoor lighting system made in Creative Cables that thanks to the lampholder suitable for wet locations will allow anyone to create custom outdoor lamps.

All in all it is an extraordinary, high performance cable, 100% Made in Italy and IMQ-HAR certified.

**Product description:**

2x1,00 neoprene cable H05RN-F with fabric lining.

Diameter 7,6mm 2x1,00 Jute SN06.

Legal reference EN 50525-2-21.
