Product short description:

Simple but of great effect, Fermaluce is the ideal solution for any necessity of a wall or ceiling light source.

Designed to complete the minimal loft of your dreams, this E26 flush light matches perfectly our light bulbs with LED.

Choose between the available finishes in order to best match the style of your interior.

Product description:

Diameter: 12 cm

Fitting: E26- Max 53W

You can also purchase this lamp in the Matter-integrated version, for lighting control with your voice or the apps you already use regularly. Turn the lights on and off, create automations, and make your lights interact with other smart home devices easily and without the need for installation.

NOTE: If a wall switch is connected directly after the line cable, turning off the lamp will also cut off power to the Matter switch. Consequently, it will no longer be able to receive commands via voice or app. However, once the light is turned back on from the wall switch, the Matter switch will be powered again and resume normal operation.
