Product attributes:

Light bulb: Without bulb

Finish: White, Black

Smart Home: No, Matter ON/OFF

Product image:

Product price:

\$30.10 tax included

Product short description:

Simple but impressive, the metal Fermaluce is the ideal solution for any need of a minimal wall or ceiling light source.

In addition, being the socket in threaded bakelite and equipped with double ferrules, it's possible to install any lampshade with E26 fitting, in order to create a totally customized lighting point.

Choose between the available finishes in order to best match the style of your interior.

Product description:

Fermaluce Metal with E26 threaded socket

Diameter: 12 cm

Depth: 8 cm

Fitting E26 Max 53W

You can also purchase this lamp in the Matter-integrated version, for lighting control with your voice or the apps you already use regularly. Turn the lights on and off, create automations, and make your lights interact with other smart home devices easily and without the need for installation.

NOTE: If a wall switch is connected directly after the line cable, turning off the lamp will also cut off power to the Matter switch. Consequently, it will no longer be able to receive commands via voice or app. However, once the light is turned back on from the wall switch, the Matter switch will be powered again and resume normal operation.
