Product short description:

Decorate your walls with the minimalist elegance of the MAG-Y series wall lamp featuring a joint and metal dome bulb. This unique lighting solution adds style to the bedroom, character to the study, or a creative focal point in the kitchen.

The wall lamp with joint and metal dome bulb combines functionality with design. The magnetic kit, which easily attaches to any wall using the included washer, is paired with a flexible extension that tilts up to 90° and rotates up to 315°, offering maximum freedom in directing the light. Thanks to the textile cable and plug, you can place it even where there are no light points. If you need to move the lamp, its magnetic base lets you easily detach it from the wall, giving you unmatched flexibility in your lighting arrangement.

Product description:

Wall lamp consisting of:

78.74" (6.56 feet) of 3 x 18 AWG cable

1 magnetic metal support

1 adjustable metal joint

1 E26 max 7W socket for visible bulb
