Product short description:

SHHINE is a floor lamp that seamlessly blends contemporary design with acoustic innovation.

Featuring a sleek, vertical structure made of sound-absorbing material, it reduces ambient noise while offering a distinctive aesthetic. Inspired by classic elegance but reimagined with modern, sustainable materials, SHHINE stands 150 cm in height and is easy to assemble.

SHHINE is available in a range of sophisticated colors, making it a versatile choice for both residential and professional spaces. With its warm illumination and refined presence, SHHINE transforms any environment into an oasis of comfort.
