Product short description:

LAMPSHHADE redefines lighting, seamlessly merging aesthetics with acoustic comfort.

Featuring an elliptical shade composed of sound-absorbing slats, it transforms light into a truly immersive experience. Designed to create serene environments, it emits a soft, enveloping glow while effectively reducing ambient noise.

The shade, made up of 16 vertical slats and 3 horizontal supports in recycled PET, ensures structural integrity, easy assembly, and enhanced sustainability. Available in a refined color palette, LAMPSHHADE integrates effortlessly into both residential and professional interiors, exuding timeless elegance.

Product description:
