\$197.60 tax included

Product short description:

SHHANDELIER reinvents the timeless elegance of Venetian chandeliers with a modern touch.

This lampshade from the ...SHH... collection blends classical refinement with cutting-edge sound-absorbing materials, drawing inspiration from the artistry of Murano glass chandeliers. The result is more than just a lamp—it's an experience that enhances both aesthetics and acoustic comfort.

Crafted from recycled PET, its louvered slats diffuse a soft, uniform light, creating a warm and intimate atmosphere. Available in both classic and vibrant shades, SHHANDELIER is easy to assemble and perfect for elevating living rooms, dining areas, or upscale reception spaces. A fusion of past and present, it transforms any environment into a more inviting and tranquil setting.

Product description:

Lamp includes:

1 metal ceiling rose (3.27")

47.24" of 3 x 18 AWG cable in the selected color

1 E26 socket kit, max 7W
