**Product attributes:**

**Product image:**

**Product price:**

\$1.40 tax included

**Product short description:**

The Glossy Ultraviolet RM35 fabric-covered wire offers a deep purple hue with a subtle sheen, ideal for modern and artistic lighting projects.

UL Listed for safety and reliability, this SVT wire features a flexible, durable design suitable for indoor use.

All of our cloth covered wire is available for sale by By the Foot. Inside our cables are three individually pvc wrapped copper wires (positive, negative and ground) that are double insulated by another flexible PVC housing and then covered in our premium fabric. Our wire is fully (SVT-B) UL Listed. All of our wires are rated for 300V and can carry a weight load of 7.7 pounds. Remember to always consult a licensed electrician if you have questions.

**IMPORTANT:** Due to UL regulations we cannot accept returns for cut-to-order wire, only full 150' spools of unopened wire may be returned. Again, this is required by UL regulations. Be sure to confirm that all colors and length of wire before ordering.

**UL Listed: E496739**

**Product description:**

Choosing the perfect cloth-covered wire: our fabric cables come in a wide range of colors, materials, and finishes, with fresh designs constantly being added.

To find the best match for your design vision: For a sleek, modern style, consider our rayon-covered wire, glitter-covered wire, or metallic fabric cables. For a timeless vintage or transitional aesthetic, our premium Italian linen and cotton fabric-covered wires are ideal. If you're going for a rustic or farmhouse-style lighting look, our jute-covered wire is a perfect fit. You're the designer, but we're here to assist contact us with any questions about choosing the right cloth-covered wire for your DIY pendant lighting project.

Whichever fabric cable you select, you're guaranteed the highest quality available. Plus, all our cloth-covered wire is proudly made in Italy at our factory near Torino.
