Product short description:

The Glossy Turquoise RM71 fabric-covered wire adds a vibrant pop of color with a smooth, reflective finish, perfect for bold and creative lighting setups.

Our cloth-covered wire is encased in a strong, woven cotton fabric, ensuring both durability and a refined appearance. Highly flexible and resistant to wear, these fabric cables are built to last.

Available By the Foot, our cloth-covered wire allows you to order only the length you need. Each cable contains three individually PVC-coated copper wires (live, neutral, and ground), reinforced with an extra flexible PVC layer before being wrapped in high-quality fabric. This wire is UL Listed (SVT-B), rated for 300V, and supports up to 7.7 pounds.

IMPORTANT: Due to UL regulations, cut-to-order wire cannot be returned. Only full, unopened 150' spools are eligible for returns. Please verify your color and length selection before purchasing.

UL Listed: E496739

Product description:

How to select the best cloth-covered wire: Our fabric cables come in a variety of colors, textures, and finishes, with new styles introduced frequently.

Choosing the right fabric is key to achieving your lighting goals: For a modern, elegant look, check out our rayon-covered wire, glitter-covered wire, or metallic finishes. For a vintage or transitional aesthetic, our premium Italian linen and cotton fabric-covered wires are second to none. And if you're aiming for a rustic or farmhouse-inspired lighting design, our jute-covered wire is a great choice. You're the designer, but we're here to help reach out if you have any questions about choosing the best fabric cable for your project.

Our cloth-covered wire is the highest quality available and proudly made in Italy at our Torino-based factory.
