Product short description:

The Jute Green Hay RN23 fabric-covered wire provides a soft, natural green tone with a woven texture, perfect for eco-inspired lighting designs.

Our cloth-covered wire combines functionality with style, featuring a tightly woven cotton fabric that enhances both durability and flexibility. These cables hold their shape and are resistant to everyday wear.

Sold By the Foot, our cloth-covered wire lets you order the precise amount needed for your project. Each cable consists of three individually PVC-insulated copper wires (live, neutral, and ground), enclosed within an additional flexible PVC layer and finished with a premium fabric wrap. UL Listed (SVT-B), this wire is rated for 300V and can support up to 7.7 pounds.

IMPORTANT: Due to UL safety regulations, cut-to-order wire is non-returnable. Only full, unopened 150' spools may be returned. Please confirm color and length before ordering.

UL Listed: E496739

Product description:

Need help selecting the best cloth-covered wire? Our fabric cables come in a variety of colors, materials, and finishes, with exciting new styles introduced regularly.

Here's how to choose the right one for your project: For a sleek, modern look, check out our rayon-covered wire, glitter-covered wire, or metallic finishes. If you prefer a timeless vintage or transitional aesthetic, our premium Italian linen and cotton fabric-covered wires are excellent choices. And for a rustic or farmhouse-style lighting design, our jute-covered wire is ideal. You're the designer, but we're here to help reach out if you have any questions about choosing the best fabric cable for your DIY lighting project.

Every cloth-covered wire we offer is of the highest quality and proudly manufactured in Italy at our Torino-based factory.
