\$1.20 tax included

**Product short description:**

We're proud to offer the highest quality craft-made cloth covered wire color cord in the world. All of our cloth covered electrical wire is made in our small Italian factory by artisans who take pride in their work and have been working with fabric braiding for decades.

Wrapped with woven cotton fabric to protect cord integrity and enhance durability, these cables do a fine job of maintaining their flexibility and withstanding regular wear.

The soft texture and matte sheen of our Dove Cotton TC43 cable can add a one of a kind detail to your next project.

**Product description:**

How to choose your cable: our cables come in many different colors, fabrics and finishes with new styles added all the time. Start by determining the electrical needs of your project. We offer 2 conductor as well as 3 conductor cable. Use 3 conductor cable for items that require a ground wire such as hardwired pendant lights. Our Twisted cable is 2 conductor and works great as a power cable for vintage fans or desk lamps.

Always consult a qualified electrician if you have questions or concerns.

Choosing a fabric: we have fabric covered cables to match any style you are looking for. For a modern look, check out our rayon, glitter or metallic cables. For a vintage or transitional look, our premium Italian linen and cotton fabrics are second to none. You are the designer but we are here to help. Feel free to reach out if you have any questions!

No matter which cable you choose, you will receive the absolute highest quality fabric cable available. 100% made in Italy.

Note: our twisted cables are not UL listed, but they meet CE safety standards in Europe.

**Specifications:**

SVT Wire

2x18 AWG

300 Volt max

Diameter: 6.2mm for 18/2

Sold by the foot

Indoor Use Only

Flexible twisted cable

Not UL Listed

Don't skimp on quality when it comes to electrical cable. Our cables are beautiful on the outside, but its what's on the inside that counts!

High quality, certified electrical wire that you can count on.
